## **DETAILED ACTION**

### ***Response to Amendment***

The examiner acknowledges the amending of claim 1.

### ***Allowable Subject Matter***

Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 is believed to be allowable as a semiconductor laser device package having the given limitations, especially a cover being attached to the side face of the heat radiation block at both ends, and additionally being semi-cylindrical and not extending past the heat radiation block was not found to be known in the prior art, or an obvious combination of the prior art. The distinctive features of the cover shape and attachment to the heat block set the instant invention apart from those known in the prior art (i.e. Masui et al. US 5557116).

Claims 2-5 are allowable as they depend directly from allowable claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
